Thank you for your support!

Massachusetts Horticultural Society Mission Statement

Founded in 1829, the Massachusetts Horticultural Society is dedicated to encouraging the science and practice of horticulture and to developing the public's enjoyment, appreciation, and understanding of plants and the environment.

Massachusetts Horticultural Society's gardens and horticultural center are located in Dover on the 36-acre Elm Bank estate, which is listed on the National Register of Historic Places. We deliver our mission through experiential learning in the gardens, exhibits at the flower show, and educational programs and events that connect people to plants, gardens, and the natural world.
