ONCE UPON A BLOOM - NERS 2026

Once Upon A Bloom

New England Rose Society's 86th Annual Rose Show

The New England Rose Society would like to warmly welcome you to our 86th annual rose show, *Once Upon A Bloom*.

This year's show feels especially meaningful as we gather at The Garden at Elm Bank, home of the Massachusetts Horticultural Society. NERS's first rose show was in 1940, and was held at MHS's Boston location, making this year's event feel like a bit of a homecoming as we celebrate another chapter in our society's long history.

We are incredibly grateful to the Massachusetts Horticultural Society for opening their doors to us and welcoming our rose community into such a beautiful setting. We hope this partnership creates a memorable experience for exhibitors, judges, volunteers, and visitors alike.

A rose show is only possible because of the dedication of so many people working behind the scenes. We would like to sincerely thank our volunteers, judges, clerks, exhibitors, seminar speakers, and committee members for the countless hours they contribute to make this event possible. Their enthusiasm, knowledge, creativity, and generosity are what keep our rose community thriving year after year.

This year's whimsical theme inspired us to embrace both tradition and creativity. We hope you enjoy the challenge classes, the imaginative creative entries, and the opportunity to simply spend the day surrounded by roses and fellow garden enthusiasts.

At its heart, this show is a celebration of the rose — its beauty, its history, and the community it brings together.

Thank you for being part of our story.

Meet Our Speakers

DAVID CANNISTRARO

“Easy Roses, Happy Gardens: A Stress-Free Introduction”

10:30 - 11:15 am

Dave is an American Rose Society Master Rosarian and Horticultural Judge. He designs, installs, and maintains many rose gardens in the greater Boston area including the Kelleher Rose Garden, Ramler Park, and the Rose Kennedy Rose Garden. Dave was presented with the Outstanding Consulting Rosarian Award (1999), Outstanding Judge Award (2010), and the American Rose Society Silver Medal (2018).

ROSEMARY ALDRIDGE

“Structures in the Landscape”

11:15 - 12:00 pm

Rosemary Aldridge has been gardening since she was a child growing up in Wethersfield, CT. She received her B.S. from Cornell University in Landscape Architecture, and practiced as a licensed Landscape Architect for over 25 years. Now specializing in residential Landscape Design and Horticulture, she lectures in gardening and is also an adjunct professor teaching Site Planning at the University of Hartford in the Masters of Architecture program. She is fascinated by the traditional arts and crafts and has a small business making candles and all-vegetable, natural soap. She also teaches cheesemaking and maple sugaring at locations throughout Connecticut.

GENERAL INSTRUCTIONS

The rules and regulations governing this show are usually in accord with the rules and regulations of the ARS for exhibiting roses. Special instructions are provided for the Rose Arrangement classes.

1. Except as noted in the schedule, competition is open to all rose growers regardless of residence. All entries must have been grown by the exhibitor in his or her own private outdoor garden. Only one person or team from any one garden may enter a class.
2. Worktables will be available beginning at 7:30 a.m. Please arrive early, so that entries can be placed in time. Worktables must be removed, and all debris and water spills cleaned, by each exhibitor as required by safety regulations of the facility by 9:45 a.m.
3. Entries will be received from 7:30 a.m. to 9:30 a.m., Saturday, June 20, 2026. Judging will begin at 10:00 a.m. The show will open to the public at 12:30 p.m.
4. Except as noted in the schedule, the show committee will furnish all containers. Containers and other properties are available on a first come, first served basis. Exhibitors who find they will not require a property are asked to return it at the earliest moment. Exhibitors are responsible for filling containers with water.
5. All entries must be accompanied by an entry tag showing: class, variety name, and the exhibitor's name and address. One tag per exhibit regardless of number of containers. Both sections of the tag must be completed. Please print. Use only pen with black or blue ink, stamps or name labels. Challenge Class tags are available for classes where multiple varieties must be listed.
6. Wedges and supports are permitted; however soft, water-absorbing floral foam such as Oasis is discouraged and Styrofoam is preferred. Please ensure that wedging material can be easily removed and will not fall to the bottom of the container.
7. Except for Class 26 (The Lost Boys' Who Am I Class?), rose varieties exhibited must be entered under the American Exhibition Name (AEN) of the American Rose Society as listed in any one of the following official ARS publications: Modern Roses Database, the Official List of Approved Exhibition Names for Judges & Exhibitors, the Handbook for Selecting Roses, or the Rose Registrations column of The American Rose magazine. In cases where a variety is not listed in any of the above ARS publications, a listing in The Combined Rose List or a listing on www.helpmefind.com is acceptable when not available in these publications. Classification of all roses shall be in accordance with ARS publications to the date of the show.
8. This is an alphabetical show. Except for challenge classes and classes specifying multiple varieties, all roses in each class will be placed alphabetically and each variety in each class shall constitute a separate subclass for judging. Unless specified otherwise in the class

description, exhibitors may make multiple entries per class provided each entry is a different variety.

9. ARS Gold, Silver, and Bronze Certificates will be awarded to Queen, King, and Princess of Show. ARS Gold, Silver, and Bronze Certificates will also be awarded to the Queen, King, and Princess of each Floribunda, Modern Shrub, and Miniature & Miniflora sections. ARS Certificates will be awarded in all other classes for which they are available.
10. Entries in the horticultural classes (Section A, Classes 1-21) are to be placed by exhibitors in alphabetical order. The committee may move these entries for the purpose of alphabetization. Entries in the challenge classes (Section B, Classes 22-35) are placed by the exhibitors in designated locations and may not be touched or moved by others until completion of judging of the class. Members of the show committee will assist exhibitors with placement, but responsibility for correct classification and placement is solely that of the exhibitor. During judging, only Judges, Clerks, and Members of the Show Committee shall be permitted in the show area.
11. A. Judging shall be in accordance with rules and regulations of the American Rose Society, and all decisions of the judges are final. Only blue ribbon winners will be eligible for trophy awards.

B. The "AMERICAN ROSE" magazine of January - February 2023, pgs. 32-33 announced several new procedures that allow Judges to exhibit in the shows which they are Judging. We will employ the "Step Back" procedure from that article. It allows the Judges of the NERS Show to exhibit in whatever classes they choose in this show which they are judging, as long as they step back whenever one of their roses is up to be judged. The ARS reasoning for this change is set forth in the article cited above.
12. Entries in the Horticulture Division and Challenge Classes (Sections A & B) in violation of the ARS or Show Rules may be disqualified. Entries could be disqualified for the following reasons:
 - a. Misnamed, mislabeled, or unlabeled roses
 - b. The presence of a foreign substance applied to the specimen
 - c. Violation of any other ARS, or Challenge/Collection requirement.
13. No containers may be removed from the trophy table without permission from the Show Chair. No entries may be removed from the show before closing.
14. Neither the New England Rose Society, nor Massachusetts Horticultural Society (The Garden At Elm Bank) shall be liable for loss or damage to entries, containers, or property, or for injury to persons attending the rose show. Liability of all nature is disclaimed. All specimens entered in the Horticultural Division shall become the property of the New England Rose Society.

GUIDELINES FOR JUDGING

"Guidelines for Judging Roses" by the ARS Committee on Training and Accrediting Rose Judges, is the official judge's handbook for this show.

SCORING SYSTEM FOR JUDGING

Roses will be judged on the following point scale:

Form.....	25
Color.....	20
Substance.....	15
Stem and Foliage	20
Balance and Proportion	10
Size	10
Total.....	100

- All Entries are subject to the ARS rules governing disqualification. Disqualification may occur if the specimen is, or has, as follows:
 - Misnamed.
 - Mislabeled or unlabeled.
 - The presence of a foreign substance applied to the specimen.
 - The exhibitor's name in any location other than the designated place on the entry tag.
 - In violation of the NERS rules.
- Side buds remaining on exhibits will not disqualify an entry, however, an entry with side buds may be penalized as a distracting feature.
- At the time of judging, an exhibition rose should be in the most perfect phase of its possible beauty. This is when the bloom is approximately one-half to three-quarters open and has a well-formed center. Buds, roses just beginning to open, do not qualify as blooms.
- Polyanthas, floribundas, climbers, and other roses which naturally occur as sprays, may be shown with side buds.
- All sections for miniature roses are open to miniflora roses as well, when so designated in the show schedule.
- Only blue-ribbon winners are eligible for trophy awards.
- Challenge class entries will not be considered for court awards.
- Special sections may be added after entries close if the quantities of exhibits warrant this action.

ROSE ARRANGEMENTS

GENERAL RULES AND REGULATIONS

1. **Time Schedule:** Arrangements may be put in Saturday, June 20, 2026 from 7:00-9:30 am. Judging will begin promptly at 10:00 am. All arrangements, vases and awards must remain in place until the show is taken down, allowing time to view exhibits and take photos. Removal time is at 2:30 pm. If you are unable to pick up your arrangements at the close of the show, please have someone else do so. The NERS will not be responsible for any properties left after 3:30 pm.
2. **Staging:** Arrangements will be staged on either black or white linen covered tables, approximately 30" in width, or on pedestals. No niches will be provided. Backgrounds, niches (winged) and frames are allowed in all sections, as long as they are proportionate to the space allotted. Fabric or other materials may be used to drape or cover the background or table. Standard designs may not exceed 24" in width or depth. There is no height restriction for standard designs. Miniature designs may not exceed 12" in width, depth or height.
3. **Reservations** are required before 3pm on June 20th for all arrangement classes, to ensure table space. (Entrants without reservations may be accommodated as long as table space is available.) For reservations, please contact Lauren Gisel (lrduff10@gmail.com or text 860-729-3760) with arranger's name and Class Number of each arrangement.
4. **Eligibility:** More than one exhibitor from the same garden may enter the same class. Horticulture Judges for this show may enter all arrangement classes. Arrangement Judges may compete in Classes 1-6 but will not judge any entered class.
5. Exhibitors are permitted only one entry in each class (except for Section D).
6. **"Arranger Grown" (AG):** For an arrangement to have the declaration of "AG", it must only include outdoor, arranger grown roses. "AG" must be shown on each arrangement entry tag. Roses must be grown by the arranger, however other plant/line/filler material need not be grown by the arranger. Arranger Grown blue ribbon winners are eligible for ARS certificates (Gold, Silver, and Bronze).

7. Materials: Roses must be the dominant flower in all arrangements. For Section C, all roses must be fresh, and garden grown. No dried roses. Other flowers and foliage may be used except where specified. Artificial plant materials, painted plants, electrical devices or flags are not allowed. Accessories are permitted in all classes, but should be subordinate, unless when used as a featured object in the design.
 - a. For Section D, dried, florist and indoor grown roses are allowed, in addition to garden grown roses. Specifically for classes 5 & 6, all types of materials and accessories are allowed, except for flags.
8. For arrangement classes 1-6, a 3 x 5 card may be used to briefly explain the design concept.
9. Judging and Awards: Judging of Section C will be done by ARS accredited rose arrangement judges and their decisions are final. A design must score at least 90 points to be eligible for a first-place ribbon. First, second, third and honorable mention ribbons can be awarded in each class.
10. Section C is governed by the current rules and procedures of the ARS. The ARS Approved Exhibition Name or an accepted synonym for all roses must be written on the entry tag. Judges will verify that roses are not misnamed. An arrangement incorrectly placed in a class will be judged in the class in which it is placed. There are two causes for disqualification: roses are not outdoor grown and use of artificial plant material.

DEFINITIONS

Traditional Design

Line Design follows a linear pattern and uses a small quantity of plant materials in an open silhouette.

Line-Mass Design uses additional material to strengthen the line but maintains the open silhouette.

Mass Design uses large quantities of material to create a mass effect with few voids. It can still be open and airy.

Corsage or Personal Adornment must include a pin for wearing and a tied ribbon bow.

East Asian Design uses a minimum of plant material, emphasizing the perfection of roses.

Moribana Style uses a low container with water showing.

Nageire Style uses a tall container for a “throw-in” appearance.

Free Style uses any kind of East Asian container with plant material used to express the designer's feelings, images and impressions. Man-made materials may be included in free style designs.

Modern Design

Creative or Abstract - Complete freedom is allowed in designing; an emphasis on open space, using some plant material with unique, bold forms, and dynamic lines. Man-made materials may be included, unless otherwise specified. Lights may be allowed to augment the design, but no electrical cords or outlets are available.

Abstract Design with dominance in abstraction, non-naturalistic, non-realistic with components used solely for line, form, color, texture and integrated space.

Underwater Designs must have a focal area of the design placed under water in a clear or transparent container. Approximately 1/3 of the design should be underwater.

Parallel Designs have three or more groupings of materials (using one or more containers as one unit). The groupings may be placed in any direction (vertical, horizontal or diagonal) to give continuity. All groupings must be parallel in the same direction. They must have negative space between groupings and appear as one arrangement.

(See "Guidelines for Judging Rose Arrangements" American Rose Society for more detailed information.)

ARS OFFICIAL SCORE CARD FOR JUDGING ROSE ARRANGEMENTS

CONFORMANCE: (5 points per Principle)	15
a) roses correctly named	
b) conformance to type of design	
c) other specific requirements of the schedule	

DESIGN all principles: (5 points per Principle)	30
---	----

Balance: Visual stability. Actual or visual weight on either side of an imaginary central axis.

Dominance: No equal amounts of either color, shape or form.

Contrast: Differences in form, shape and/or color to develop interest.

Rhythm: Rhythm is achieved by repetition, radiation and/or variation; may be smooth, dynamic, graceful, or gentle. Rhythm is the dominant visual path through the design.

Proportion: Proportion refers to the relative amounts of a component in relation to the other components of the design and to the whole design. Proportion also refers to the whole, the placement and to the space it occupies.

Scale: The size relationship of one component to another and to the whole. Too great a variation in sizes means poor scale.

PERFECTION OF THE ROSE	30
Roses should be in peak condition, with good substance, and have fresh foliage. Other plant materials should be in good condition.	
CREATIVITY AND EXPRESSIVENESS	15
Imaginative and creative handling and use of materials.	
DISTINCTION	10
Uniqueness: sets the design apart, superiority in every respect; includes technical execution/construction includes condition of non-rose material

Section D: Rose Reverie

5. Isabela Madrigal's Headband

Floral Headpiece

Inspired by Encanto's, Isabela Madrigal and her magical gift of flowers, exhibitors will design a floral headband or crown with roses as the primary flower. Large, miniature, and miniflora roses are permitted, and florist roses may be used. Additional materials are allowed to support creative interpretation, with the exception of flags. Exhibitors must provide their own display supports, such as busts or stands, provided the exhibit fits within the size requirements. Each entry may be no more than 16 inches in width; there is no height restriction.

Exhibitors may include a 3" x 5" card briefly describing the design concept to guide viewers' understanding. Entries will be displayed outside the exhibition room on white- or black-covered tables approximately 30 inches wide, or on covered pedestals.
