THE GARDEN AT ELM BANK

Our exclusive, full-service caterers that we partner with are unique in their own way, but all remain experienced, professional and insured companies. A full-service caterer means they handle all your food and beverage needs, and nearly 90% of your staffing the day-of including setup and breakdown staff. They manage rental coordination including linens, tableware, barware, and specialty furniture. Many of our caterers carry a 12C license which allows them to provide all your alcohol with various pricing options. If your caterer is not providing your alcohol, you may place a custom order with our exclusive liquor supplier, Gordon's Fine Wine & Liquors whose information is below. To ensure your event is flawless and we have the best team, we do not work with off-list caterers.
